About CloudCall Group Plc

CloudCall is a software and integrated communications business that has developed and provides a suite of cloud-based software and communications products and services. CloudCall's products and services are aimed at enabling organisations to leverage their customer data to enable more effective communications and improve performance.

The CloudCall suite of software products allows companies to fully integrate telephony, messaging and contact centre capabilities into their existing customer relationship management (CRM) software, enabling communications to be made, recorded, logged and categorised from within the CRM system with detailed activity reporting and powerful business intelligence capable of being easily generated.

At the end of June 2020, the Company had approximately 170 staff based in Leicester (UK), Boston (US), Sydney (AUS) and Minsk (BY) with over 43,000 end-users relying on CloudCall technology to power their CRM integrated communications.
