Block Admission

CloudCall Group plc announces that an application has been made to the London Stock Exchange for a block admission of 25,000 ordinary shares of 20 pence each ("Ordinary Shares") to be admitted to trading on AIM (the "Block Admission"). The Block Admission will be used to facilitate the admission of shares to trading following the exercise of options granted under the Company's 2011 Share Option Plan.

New Ordinary Shares issued following option exercises and admitted to trading under the Block Admission will rank *pari-passu* in all respects with the existing Ordinary Shares.

It is expected that the Block Admission will become effective in the Ordinary Shares on 2 May 2018.

At the time of this application, the Company has 24,079,647 Ordinary Shares in issue admitted to trading on AIM. The Company will notify on a monthly basis when there are changes to the issued share capital, and these monthly figures may be used by shareholders as the denominator for the calculation by which they will determine if they are required to notify their interest in, or a change in their interest in, the share capital of the Company.
